SUBJECT: 2013 INSTALLATION MASTER PLAN,
NAVAL SUPPORT ACTIVITY BETHESDA, BETHESDA, MD

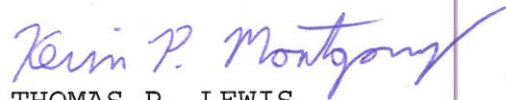

Dear Mr. Acosta,

The Department of the Navy is requesting Final Review of the 2013 Installation Master Plan at Naval Support Activity (NSA) Bethesda, Bethesda, MD.

NAVFAC Washington is seeking Final Review at your October 3, 2013 meeting. This project was subject to the Preliminary Review at the November 2012 Commission meeting following a 90-day referral process. An Environmental Impact Statement that considers the implementation of several major portions of the Installation Master Plan and considers the cumulative effect of the known, funded construction projects over the planning period (through 2022) has been completed. Consultation with the Maryland State Historic Preservation Office was completed as part of the EIS process.

If you have any questions, please contact William Sadlon at (202) 685-0164.

Sincerely,

for 
THOMAS P. LEWIS,
Environmental Business Line
Coordinator by direction
